

# New additions to Sheep Easy 2014

**Wickepin Community Centre August 6**

RSVPs are rolling in for Sheep Easy, however if you are coming and haven't responded please drop an email , call or text to let us know if you're attending so we can ensure we have the event adequately catered .

## **New additions to the line up**

We are very happy to announce we have two new additions to the Sheep Easy 2014 demonstration line up.

**The Peak Hill Immobilizer**- this is a machine I have seen in operation around the state- it bridges the gap of complex handlers and low tech models.

**The Vet Marker Merino** - The Vetmarker is a marking chute (production line) that puts lambs on their feet when released, previously only for prime lambs now with a merino attachment.

## **Grower Forum**

We have announced our speakers for the grower forum.

John Nicoletti- Merredin

Alex Coole- Frankland

Chris Patmore- Eneabba

Bindi Murray- Woodanilling

This a great mixture of growers who manage large and medium scale operations, some do it all themselves, others with family and employed staff. Most have distance between blocks and all have a great story tell on how they do it and are looking for the next thing, be it a system change or technology that will make management easier. These presentations are always the highlight of the day.

RSVP Options

**email [admin@iconag.com.au](mailto:admin@iconag.com.au)**

**Phone 9736 1055**

**Text 0428 299 007**

**Sheep Easy 2014**  
**Wickepin Community Centre**  
**August 6**

**10.00 - Arrival & Registration - \$25 payment at gate (covers all catering & refreshments for the day)**

**10.30 - Welcome - Roger House Chairman of "The Sheep's Back" Producer Advisory Panel**

**10.35 - Sheep Sense- How to think like a sheep and design the right set of yards for you - Ian Crafter, Atlex Stockyards.**

**11.15 - The financial outlook for the sheep enterprise - The roller coast ride continues! Where is it at? And reflecting on the previous years what does the future look like? - Andrew Ritchie, Icon Agriculture**

**11.40 - Scale Forum - How labour efficiency happens on the ground. (The highlight of the previous Sheep Easy Days) Four farmers will present details of their farming scale, what assists them most in labour efficiency and what they still have problems with. This year's farmers are Chris Patmore- Eneabba, Bindi Murray- Woodanilling, Alex Coole- Frankland and John Nicoletti- Everywhere.**

**1.00- Lunch**
