

# THE SHEEP'S BACK

## 2015 SPRING SHEEP OPTIMISER WORKSHOPS

- **How Many Vaccinations?!** Vet, consultant & farmer Tim Watts will tell you everything you need to know about vaccinating ewes & lambs. This presentation will help you identify a package that works for you as well as what's required for a fully effective protective program. **All locations**
- **Preparing a Shipper** - Recently returned from the Middle East, Assoc Professor Anne Barnes runs through her research on the impact of what you can do pre export to improve live shipping. She will also discuss her experiences with shipping and destination feedlots. **Northampton, Mukinbudin**
- **Here Comes Summer** - Consultant Ed Riggall runs through the keys to successfully managing different classes of stock through summer. Including the major questions surrounding of nutrition – what to feed, when to start, how much, additives and the economics of feeding. **All locations**
- **You Are What You Eat** - Think you're getting the most out of your pastures? The good news for most is .... you're not! Pasture Agronomy specialist Sam Taylor looks at the holes in most grazing systems and how to address them and improve the quality/quantity of feed for your stock to harvest. **Augusta, Frankland River**
